Council Asks Bids on Street Improvement

Begin Program With Funds from City Sales Tax

Streets Will Be Those Not Under Motor Fuel Program

The city council yesterday voted to advertise for bids on materials to improve streets that do not come under the state's motor fuel tax street program.

Only streets approved by the state as arterial thoroughfares can use motor fuel tax funds; so the city council is starting out on an ambitious program to improve other streets in the city with city sales tax funds.

The council is earmarking \$2,000 from each sales tax check received to carry on this street program. The city started collecting a half-cent sales tax on transactions in September and last Saturday received its second check from the state—the check for October business.

To Open Bids Feb. 7
Under this plan of taking out \$2,000 each month for improving streets, the city will be able to spend about \$20,000 on them thru September of this year.

The notice of letting, which will be published in its entirety in a day or two, calls for opening of bids at the next council meeting—at 1 p. m. Tuesday, Feb. 7.

There are three proposals upon which contractors will bid, and the council will accept the one it thinks best for the city.

There was quite a bit of business at yesterday's meeting.

It was brought up that there was to be an inspection of the recently-installed flasher lights at the Sloan street crossing of the New York Central tracks, by members of the state division of highways.

Await Completion of Work
During the last administration the NYC sought permission of the Illinois Commerce commission to close this crossing. The ICC refused, ordering flasher signals to be installed with the city and the railroad each paying half the cost. The city's share would come from motor fuel tax funds.

The railroad also reached an agreement with the city in which it would blacktop the area between the tracks for a 30-foot width. It was pointed out at yesterday's meeting that although the railroad has installed the flasher lights, the blacktopping has not been done, and it was agreed to wait for the completion of this work before the signals are accepted by the city and the money transferred from the motor fuel tax.

Dr. D. W. Morris to Address Annual Saline County Soil Meeting Jan. 24

Speaker at the annual meeting of the Saline County Soil Conservation district starting at 6:30 p. m. Tuesday, Jan. 24, at the Galatia Community high school, will be Dr. Delyte W. Morris, president of Southern Illinois university.

Dr. Morris, who has headed the school since August, 1948, is a native of Illinois. Born at Xenia, in Clay county, he was graduated from the high school at Flora in 1924.

Majoring in speech and English at Park college in Missouri, he received his bachelor's degree in 1928, following which he taught high school two years in Oklahoma.

For five years, beginning in 1930 he was instructor in public speaking at the University of Maine, and he completed his requirements for a master's degree in 1934. His doctor of philosophy degree came in 1936 from the University of Iowa.

He taught at Junior college of Kansas City, Mo., Indiana State Teachers college, Terre Haute, and at Ohio State university before being elected president of Southern.

An important part of the annual meeting will be the announcement of the grand prize-winning essay on soil conservation by C. R. Gardner, county superintendent of schools. Students from the four high schools of the county competed, and the school winners were announced recently as follows: James K. Gates, Harrisburg high; Bobbie D. Carter, Galia high; Ruth Ann Thompson, Eldorado high; and Robert Mitchell, Carrier Mills high.

One of these will be announced as the county winner at the meeting and will read the winning essay.

Also, there will be an election of directors. The meeting is open to every resident of the county and three district directors will be elected. All persons who hold title to land in Saline county and all persons other than owners who are in legal possession of lands in this county, whether as lessee, renter, tenant or otherwise, are eligible to vote.

Tanker Explodes; Two Killed, Fate Of 21 in Doubt

LAKE CHARLES, La. (AP)—The burning hulk of a 130,000-barrel tanker blew up at a refinery's loading dock Tuesday night, sank hissing to the bottom of Lake Charles harbor today.

It took with it to the muddy bottom the bodies of perhaps 21 men. Two were known dead, but they were dockhands, standing on the quay when an earth-shaking explosion rent the ship, SS Salem Marie.

Officials thought a total of 25 men were missing, in addition to the 2 known dead and 8 in hospitals, but they could not be sure. The ship left New York with 41 men aboard.

There was no way of telling exactly how many men were on board when the explosion went off.

After the Salem Marie went down in 35 feet of water, the superstructure and oil on the water still burned.

A Cities Service official said it will be "several days" before the fire burns out and the hulk cools enough for divers to go down and search for bodies. Besides the ship, Docks A and B at the Cities Service refinery were destroyed.

First estimates put damage at two million dollars, but it appeared that that would hardly cover the ship and the gasoline and other fuel which exploded. The explosion and fire were believed to have destroyed at least 150,000 barrels of gasoline and oil.

The missing included the master of the ship, Capt. John Rugman, Milton Mass.

Among the dead were L. J. Acquilan, Port Arthur, Tex., and Howard Reynolds, address unknown. They apparently were standing on the dock when the ship blew up and were killed in the initial explosion.

Five Midwest States Account for 20 Per Cent of Nation's Income

CHICAGO (AP)—Five Midwest states which contain only 15 per cent of the nation's population have accounted for 20 per cent of the nation's rapidly-growing income, the Federal Reserve Bank of Chicago said today.

The Bank's 41st annual report covered the states of Illinois, Indiana, Iowa, Michigan and Wisconsin, and included special studies of five midwest cities—Decatur, Ill., Fort Wayne, Ind., Waterloo, Iowa, Flint, Mich., and Madison, Wis.

These cities were chosen because of their record of exceptional growth and the "distinctive nature" of their economies, the bank said.

Three Airliners In Mishaps; Two Persons Killed

51 Others Escape Death; Plane Wanders in Snowstorm

By United Press

Three passenger-loaded airliners flirited with disaster Tuesday. Two persons were killed but 51 others escaped death.

In the weirdest of the near-tragedies a Boston-to-New York airliner wandered through a snowstorm with its radio and all instruments knocked out by an electric failure.

The pilot, training his flashlight on a crude magnetic compass, finally found his way to La Guardia field Tuesday night and made a safe landing. The 21 passengers and three crew members aboard the Northeast Airlines plane were unhurt.

Two persons were killed and a co-pilot was reported missing when a DC3 airliner with 18 persons aboard crashed in a snowbank in Canada's rugged northern ore country.

But a disaster was averted near Green Bay, Wis., when a pilot belly-flopped his dead-engine DC3 onto a frozen field. His expert piloting was credited with possibly saving the lives of 12 persons.

Jet Trainers Collide

In another air mishap, two jet trainers collided in the air near Troy, Ohio Tuesday night. One of the pilots was killed but the other parachuted safely.

At New York City, Pilot Robert Francis credited his plane's narrow escape to "the grace of God."

The airliner's electric system failed six or seven minutes after he took off from Boston on what should have been a 54-minute flight to New York. The snow was so heavy he couldn't locate the Boston field to make a landing.

So, for three hours and a half, the darkened plane "ground-hopped" while Francis and his crew tried to pick up landmarks. He had to swing over the Atlantic Ocean to avoid a possible collision, but made a perfect landing once he sighted La Guardia.

Canadian Plane Crashes

There was no such clear-cut escape for those aboard a twin-engine Quebec Air airliner which crashed during a snowstorm midway between the Knob Lake ore mining area and Seven Islands on the St. Lawrence River.

The bodies of the pilot and a passenger were found in the wreckage, and the stewardess was critically injured. One passenger was also seriously hurt, while the other 13 suffered minor injuries.

The third air emergency occurred when the fuel pump failed in a Chicago-to-Green Bay North Central Airlines plane.

Both engines were knocked out and Pilot A. J. Roese radioed that he couldn't make it to Green Bay. Instead, he made a wheels-up landing on a plowed field three miles from the airport and the big plane slid several hundred feet before coming to a safe stop.

Five More File for Precinct Committeemen

There were five additional filings for precinct committeemen posts up to 10:30 a. m. today in the county clerk's office.

Those filing: Harrisburg 1—W. M. Damron R. Harrisburg 7—Link Rann D. Pleas Gibbons R.

Eldorado 4—Jessie B. Evans R. Stonefort—F. M. Bynum R. At Springfield Thomas Throgmorton Jr. of Marion filed for state representative from the 59th district in the Republican primary.

Long, 60, the brother of the late Huey P. Long and uncle of U. S. Sen. Russell Long (D-La.), won easily despite opposition of retiring Gov. Robert F. Kennon, an "Eisenhower Democrat" and an anti-Long stalwart since the state's political scandals of 20 years ago.

Three Local Kiwanians Honored for 30 Years of Continuous Membership

Three Harrisburg Kiwanians — C. Aud Turner, Sam Cape and Frank S. Gray—were honored last night at the club's regular meeting at the Masonic temple for 30 years or more of continuous membership.

They were presented Legion of Honor certificates by Ray Durham and later will receive special 30-membership buttons.

Mr. Turner, former secretary of the club, had served in that post for 23 straight years.

Mr. Durham paid tribute to the three members for their long membership and community service and stated that memories of events in every man's life always stand out and uppermost in those things are life's friendships.

He reviewed events of the past thirty years, especially when life and ideals reached a low during World War I.

Associations Enjoyed

"Kiwanis has survived and its ideals and principles have survived," he said, "because men wanted them to survive. Every man some-

time in life wants to do something worthwhile and during the life of Kiwanis its members have done things which have made life better in their communities," he stated.

A lot of people can do a little good and the sum total makes for a lot of good, he said.

Each of the three honored Kiwanians expressed their enjoyment of associations they have had during their long period of membership in Kiwanis.

Three other charter members of Kiwanis, Bob Burnett, Ray Durham and Charles H. Thompson, have each been a member of the club for more than 30 years, but their memberships have not been continuous.

Go to Anna Thursday

New members introduced at last night's meeting were Donald Darnell and Fred Bramlet. Special guests of the club were Joe Hollingsworth, Merritt Kennedy and Ernest Duncan, and Harry Dorris Jr. was a guest of his father-in-law, Cecil Pulliam.

Ronnie Doerge, club president, read a letter from Salvation Army officer, Lt. Andrew Sands, expressing appreciation for the club's assistance in helping to raise funds for the Salvation Army's Christmas fund.

The Harrisburg club will travel to Anna Thursday night, Jan. 19, to take the traveling gavel to the Anna club. A special effort is being made to have 100 per cent attendance there that night in an effort for the club to win the traveling gavel this year. The local club has been divided into teams and members will meet at the Masonic temple at 5:30 Thursday and leave for Anna at 5:45. The meeting will be held at Spire's cafeteria in Anna at 7 p. m.

Fire at Pierson Burns Smokehouse, Damages Home

A smokehouse burned and there was extensive damage to a house owned by James Wise and occupied by his son-in-law, Leo Anderson, at Pierson yesterday afternoon. The fire department made the run to the blaze and extinguished it before the house was consumed.

The Andersons had removed all the contents of the house by the time the fire department reached the scene. Firemen pumped water from a well to quench the flames.

The fire started in the smokehouse, where Anderson was smoking meat, firemen said. It destroyed this building and its contents, then spread to the rear of the house nearby.

This morning a run was made to the home of Sam Dudley a short distance west of Harrisburg. The area around the flue caught fire from an overheated stove.

No Classes at McKinley School Today Because Of Heating Troubles

Students of McKinley school in Harrisburg had an emergency vacation today, due to a breakdown in the furnace.

It is indicated the school will be open again Thursday.

Difficulty had been encountered in operation of the stoker and boiler for the past several weeks. At-tempts to diagnose the exact difficulty were unsuccessful until the complete breakdown, after which the stoker was dismantled and the cause of the trouble was definitely determined.

W. R. Malan, city school superintendent, was informed today that parts have been found for the stoker and barring difficulties in assembling late today and tonight the furnace will be in operation tomorrow. Early radio reports to-morrow morning will give definite information on school operation.

Price of Ford Stock Soars Past \$70 Mark

NEW YORK (AP)—The price of Ford Motor Co. stock today soared past the \$70-a-share mark in the frenzied over-the-counter trading.

This was a big premium over the original offering price of \$64.50 a share for the 10,200,000 shares of Ford common stock.

Brokers report demand is "simply terrific." They quoted the stock at \$70 and \$71 asked—that they are willing to buy and sell it at.

The stock officially went on sale this morning through a giant syndicate of 722 investment banking firms. The group is committed to sell the stock at \$64.50 to those lucky investors who have been allocated shares.

But thousands of persons who were left out in the cold when the stock was originally allotted to investors across the country are offering Ford's new stockholders a big profit if they'll sell.

Brokers say people who never owned stock before are competing with seasoned investors in the rush to buy a chunk of the \$2,400,000,000 motor empire.

The underwriting syndicate said it expects the 10,200,000 shares, which it is selling for the account of the Ford Foundation, will be sold out quickly. All the shares have been allotted to stockholders who got their calls in early.

Demand for the stock has been torrid ever since the foundation first announced plans to sell part of its Ford Motor Co. holdings in November.

Will Transfer Brown to New Traffic Division

Governor Names Capt. Wm. Morris Acting Chief

SPRINGFIELD (AP)—Gov. William G. Stratton Tuesday announced he will remove Phil M. Brown as state police superintendent Feb. 1.

The governor named Capt. William H. Morris, an assistant superintendent, as acting state police chief to relieve Brown. He said he "may or may not" name Morris permanent superintendent later.

Stratton said Brown would be transferred to the new State Division of Traffic Safety, replacing Harvey Dowling, who is resigning because of ill health.

Stratton said there was no title designation for Brown's new post as yet, but Brown would be "on the same level" as Robert Campbell, coordinator of the new division.

"It will be a much better arrangement all the way around. . . It will keep Brown in a field in which he is very much interested," Stratton said.

The post of police superintendent carries a salary of \$8,000 a year. Stratton said Brown's new job in the traffic safety division would pay the same amount.

Brown was strongly criticized by a Chicago newspaper (Sun-Times) for issuing an order for relaxing truck overweight tolerances; for allegedly failing to command the police force in accordance with Gov. William G. Stratton's announced policy on gambling raids; for hiring a movie firm which had an ex-convict as agent to make safety films; and for failing to take proper disciplinary action against two state police captains involved in a nightclub brawl.

Stratton, in announcing Brown's transfer, said Brown's administration had "not been quite as effective as I had hoped."

Asked if there would be any other changes in the force, Stratton said he was going "to have a careful look" at the district commands.

"I want my policies as governor carried out through the districts, particularly as they concern highway safety," he said.

Brown also became engaged in a feud with Cook County Sheriff Joseph H. Lohman over the extent of gambling in Cook County and the efforts of county authorities to clean it up.

Brown said he had warned Lohman and other Cook County authorities that gambling was extensive. Lohman termed Brown's statements "pure, unadulterated malarky."

Brown was named superintendent Jan. 6, 1953, when Stratton became governor. He went into police work at Watske in 1928, two years later becoming city police chief. He was elected sheriff of Iroquois County in 1934 and 1942, and served a term as county treasurer between the terms as sheriff.

He attended the FBI National Academy in Washington, D. C., in 1947 and returned to Watske to serve as police chief for a year and a half. Then he became district manager of the Moorman Manufacturing Co., Quincy, before becoming state police chief.

Morris was named assistant superintendent last year. He is a career officer who joined the force at Joliet in 1945, and before being transferred to Springfield was battalion captain in charge of Districts 2 and 5 at Joliet and Elgin.

Eldorado, Carmi Youths Sentenced

MADISONVILLE, Ky. (AP)—Two 18-year-old boys from southern Illinois Tuesday began prison terms for beating a high school student.

David Pearce of Carmi was sentenced to serve 90 days on an assault and battery charge and Don Carraway of Eldorado got a 30-day sentence.

Police said Pearce is wanted on a White County, Ill., warrant in connection with a rape case and Carraway is sought by Army authorities on a desertion charge.

Both signed extradition warrants and will be turned over to Illinois authorities when their sentences are completed, officials said.

Fairfield Woman Dies of Injuries

LAWRENCEVILLE, Ill. (AP)—Mrs. John Mayer, Fairfield, died today of injuries received in a traffic accident Sunday.

Authorities said Mrs. Mayer, whose age was not known, was thrown from her husband's car and suffered chest injuries when the auto skidded on icy pavement and hit a bridge on Ill. 1 south of here. Mayer and two other passengers in the car were not injured.

The DAILY WASHINGTON MERRY-GO-ROUND By DREW PEARSON

DREW PEARSON Says:
Roy Cohn Puts One Over On
White House; Finagles CAB
Appointment For Friend; Neu-
berger Seeks To Restore GI
Education.

WASHINGTON. — There are
probably no two people President
Eisenhower likes less than Sen.
Joe McCarthy and his bosom pal
Roy Cohn, former counsel for the
McCarthy committee. This duo did
more to cause dissension in the
Republican party than any other
two men in the USA, culminating
in the Army-McCarthy hearings
in 1954.

However, the White House, with-
out knowing it, has just let Roy
Cohn appoint a new member to the
all-important Civil Aeronautics
Board — Joseph Minetti.

Minetti is an old friend of Cohn's
and might be expected to lean in
Roy's direction when cases arose
affecting Cohn's client, National
Airlines.

The way Cohn got his friend Mi-
netti appointed to the Civil Aero-
nautics Board was astute but sim-
ple. Cohn's law partner is Tom
Curran. Dewey's secretary of
state and a high-up Republican.
So Cohn got Curran to push Mi-
netti with Chairman Len Hall.

Hall already knew Minetti's
father-in-law, Fred Ahern, a
Brooklyn Republican leader; so,
with Curran's endorsement, Chair-
man Hall went all out for Minetti.
He knew that the Republican party
needed to do something to make
up for the kick-in-the-pants John
Foster Dulles gave Italians when
he fired Ed Corsi as immigration
adviser. So he insisted on Minetti's
appointment.

Inside fact is that Louis Roths-
child, the Kansas City department
store owner, now undersecretary
of commerce, didn't want Minetti.
He opposed him. But Chairman
Hall reached over his head, and
Minetti was appointed.

So without the White House hav-
ing any idea Roy Cohn was behind
the scenes, ex-Sen. Josh Lee was
ousted and Roy Cohn's friend put
in his place.

Members of the palace guard
are rubbing their eyes over what
happened but haven't figured out
what they will do about it.

Note — The CAB vacancy, under
law, had to go to a Democrat. Mi-
netti is a bona fide Democrat and
close to Carmine Di Sapio, head of
Tammany Hall. Some Demo-
crats are grooming him as a pos-
sible candidate for mayor of New
York — another reason why the
White House is irked over Roy
Cohn's neat trick.

GI BILL OF RIGHTS

Sen. Dick Neuberger of Oregon
is planning an important show-
down with the White House on
education by moving to restore the
education provisions of the GI Bill
of Rights.

Nothing in years had more im-
pact on American education than
the provision giving veterans free
tuition to continue their studies.
It trained 180,000 doctors and
nurses, 450,000 civil engineers, 36
preachers, 83,000 policemen and
firemen, 113,000 physicists and re-
search scientists, and 711,000 skill-
ed mechanics.

Yet it was dropped by the pres-
ent administration on Jan. 31,
1955.

"While Ike talks about people
staying in school longer," says
Senator Neuberger, "he abandon-
ed a program which during and
after the war raised the average
educational level of veterans from
the second year of high school
through the freshman year of col-
lege."

"Furthermore, the GI bill was
abandoned at a time of unprece-
dented armament profits and when
aircraft stocks, based largely on
military orders, had soared off the
boards."

So Neuberger will reintroduce
the GI bill of rights.

Note—One of the great pleas of
Admiral Strauss, chairman of the
Atomic Energy Commission, is the
need for more education and more
young American scientists.

WASHINGTON PIPELINE

John Hollister, law partner of
the late Sen. Bob Taft, now Ike's
head of foreign aid, is due to re-
sign. He is boiling mad at John
Foster Dulles for increasing aid
to India by \$10,000,000 — without
even consulting Hollister. As a
result Hollister will probably bow
out, then team up with right-wing
Republicans in opposing foreign
aid. Another member of the 4-H
club who let off steam backstage
over foreign aid is Herbert Hoover,
Jr., undersecretary of state.
His peeve was against John Davis
Lodge, ex-GOP governor of Con-
necticut, now ambassador to
Spain. Lodge was told not to ask
for more aid to Spain, despite
which he buttonholed old friends
on Capitol Hill, urged a \$50,000,000
increase for Dictator Franco. . . .
When Herbert Hoover, Jr., discov-
ered this he hit the ceiling, gave
Lodge a blunt bawling-out. . . . The
4-H club men who oppose foreign
aid are Hoover, Hollister, Hum-
phrey (secretary of the treasury)
and Hughes (director of the bud-
get). . . . Foster Dulles will need
a lot of Democratic friends to put
across his foreign-aid bill. Reason
he can't get Senator George of
Georgia is ex-Gov. Herman Tal-
madge. "Humman" has been
telling Georgia Crackers that the
USA is spending too much money
abroad, and George can't afford
to buck him. It's interesting how
greatly U. S. policy is sometimes
influenced by the re-election cam-
paigns of certain senators.

EDEN-DULLES HOT WATER

John Foster Dulles may be in
hot water himself, but he thinks

Prime Minister Eden may be in
deeper. When Eden's prestige
slips, the American-British alli-
ance also slips, and Dulles has
been grumbling about it. . . . Dul-
les claimed he warned against the
Baghdad Pact which has hicked
up such trouble in Jordan. Eden,
however, ignored his advice, ac-
cording to Foster. . . . Eden has
other troubles not directly affect-
ing Dulles. In addition to the clan-
destine sale of British tanks to the
Arabs, Eden's battered prestige
has slipped another notch with the
disclosure that Britain's gold dol-
lar reserve has slipped to \$2-
000,000,000. The \$2,000,000,000
figure is considered the minimum
safety margin to protect the British
pound. Yet it dropped nearly
\$1,000,000,000 in the last 18 months.
One disturbing export
advised drive to boost exports
is automobiles. Car sales have
slumped so badly that British au-
tomobile manufacturers have cut
from a five-day to a four-day
week.

BIBLE THOUGHT FOR TODAY
What is man profited if he gain
the whole world, and lose his own
soul?—Mat. 16:26.

We will leave the world ere long
and we will take nothing with us
but our memories. The memories
of some will be night-mares.

Good Attendance At Methodist Revival Services

Sunday school teachers, officers
and class members of all ages at-
tended services last night at the
First Methodist church as the Rev.
H. Gilbert Williams delivered one
of his most eloquent sermons
since the revival services began
ten days ago. Several answered
the call to prayer following the in-
vitation and gave their lives to
their Saviour. Attendance has
been good at all services.

Bible classes will continue at 10
a. m. each morning for the next
two days, ending Friday morning.
These classes are being well at-
tended and are being inspirational
to Bible readers.

The Daily Register was misin-
formed in regards to the Rev.
Dale Wolcott who has been direct-
ing the music at the revival ser-
vices and said in Tuesday's paper
that Mr. Wolcott was forced to
leave on account of a throat con-
dition. This was an error for Mr.
Wolcott will continue through Fri-
day evening as usual. He and
Mrs. Larry Barnhill have been
turning beautiful solos and duets
in the evening which add to the
inspirational services.

Every one in Harrisburg has a
cordial invitation to attend any of
the services, either at 10 a. m. or
7 p. m. The revival services will
end Sunday night.

Five Judges Offer to Serve Out Term of Colleague Without Pay

NEWTON, Ill. (AP)—Five county
judges have offered to serve out
the term without salary of one of
their colleagues—the late County
Judge Dale Wilson of Jasper Coun-
ty.

Wilson died recently of a heart
attack after serving only 14 months
of his four-year term. The five
judges made their offer to the Jasper
County board with one provi-
sion—that the board pay the salary
to Wilson's widow for the rest of
his term.

The judges who made the offer,
and would take turns sitting on
the Jasper County bench, are:
John Hollenbeck of Clarks County,
Hanby Jones of Crawford County,
Lawrence Brumley of Effingham
County, Richard S. Simpson of
Lawrence County and Lawrence
L. Arnold of Richland County.

Stevenson Asks Eisenhower to Repudiate Dulles

CHICAGO (AP) — Adlai E. Stev-
enson made John Foster Dulles' "brink of war" statement one of
his main campaign issues today
with a demand that President
Eisenhower either repudiate his
secretary of state or get rid of
him.

Stevenson's blast at Dulles' "shocking" statements and "sui-
cidal" policy was his sharpest at-
tack to date on the Eisenhower
administration.

The Democratic presidential as-
pirant made the repudiate-or-fire
demand during a whirlwind visit
to Minnesota Tuesday. He went
there to file personally in the
March 20 Minnesota presidential
primary and returned from St.
Paul to Chicago Tuesday night.

Stevenson had already said that
Dulles' controversial "brink of
war" statement sounded like
"Russian roulette."

But he went far beyond that in
telling newsmen that "if the Pres-
ident does not approve, his course
of action is clearly indicated."

A reporter asked if the "course
of action" was to fire Dulles and
Stevenson answered:
"Yes, or repudiate the state-
ments."

Life magazine quoted Dulles as
saying the United States had
"walked to the brink" of war with
Communist China three times but
averted conflict by "strong ac-
tion."

Stevenson commented, "For this
nation to walk to the verge of war
three times in three years while

drastically reducing our military
defense for domestic political ad-
vantage can only be counted sui-
cidal folly."
"I trust that the President's si-
lence is not to be construed as
approval for the shocking views of
his secretary of state," Stevenson
said.

Miss Veldene Austin Weds
James Kenreck Dec. 31
At Mt. Zion Church

Announcement is being made of the marriage of Miss Veldene Austin, daughter of Rev. and Mrs. Arthur Austin of Cave-in-Rock, and James Kenreck, son of Mr. and Mrs. George Kenreck of East St. Louis.

Marriage vows were exchanged Saturday evening, Dec. 31, at Mt. Zion church before a setting of greenery, white gladioli and chrysanthemums. Tall white tapers in tiered candelabra graced the altar.

The bride was given in marriage by her father, Rev. Arthur Austin, in a double ring ceremony, performed by the Rev. Virgil Rutherford. Mrs. James Gwaltney, pianist, accompanied Mrs. Carl Parks who sang "Because" and "I Love You Truly."

The bride chose a ballerina length gown of white nylon net and silk lace over satin with fitted bodice, a gathered skirt trimmed in pearls and long sleeves which tapered over the hands. Her veil of illusion was held by a tiara and she carried a purple orchid with white streamers on a white Bible, a gift of her uncle and aunt, Mr. and Mrs. Wellington Gustin.

Miss Ramona Jerrels, a friend of the bride, was maid of honor wearing a blue floor length gown with a matching head band. She carried a colonial bouquet of white carnations entwined with blue net. Flower girls, Miss Phyllis McDowell, niece of the bride, dressed in a gown of yellow nylon net over yellow taffeta, carried a white basket and scattered rose petals in the path of the bride.

Don Joyner served as best man to the bridegroom.

Ushers were Arthur Austin Jr., brother of the bride, and Donald Austin, cousin of the bride.

Mrs. Austin chose for her daughter's wedding a gray wool dress with black accessories. She wore a corsage of pink carnations. Mrs. Kenreck was attired in a dress of gray with black accessories. Her flowers were white carnations.

The bride graduated from Selan's System of Beauty Culture, Chicago, in July, and both are graduates of the Cave-in-Rock high school.

Following the wedding the couple left for a trip through the South, spending New Year's in Chattanooga, Tenn. They are now at home in Salina, Kansas, where he is stationed with the U. S. Air Force.

Guests from a distance attending the wedding were Mr. and Mrs. George Kenreck, Mr. and Mrs. Joe Potts and son, Jimmy, Mr. and Mrs. Raleigh Oze, Mrs. Gertrude Groh, East St. Louis, Mr. and Mrs. Carl Parks, Mr. and Mrs. Lloyd Dixon, Mr. and Mrs. Alex Cathcart, Mrs. Lula Brantley and Mrs. James Gwaltney, Harrisburg, Mr. and Mrs. Clemens Crawford and daughter, Patsy Ann, Mr. and Mrs. Pearl Kinsey, Tolu, Ky., and Randall Kenreck, Homestead, Fla.

Sachs Selects Kincaid to Kick Off Campaign

CHICAGO (AP)—Morris B. Sachs, the maverick Chicago clothier running for the Democratic gubernatorial nomination, will open his downstate campaign in the same town where the late Gov. Henry Horner started a successful independent drive in 1936.

Sachs announced he has chosen Kincaid in Christian county as his Jan. 25 kickoff point. He is trying to duplicate Horner's 20-year-old feat of snagging the Democratic nomination despite organization opposition.

Sachs was elected Chicago city treasurer along with Mayor Richard J. Daley, but has run into trouble with party leaders since. The Democratic slate-making committee last week passed up Sachs and endorsed Herbert C. Paschen for the nomination.

Arrangements for Sachs' Kincaid meeting are being made by a committee of downstate office-holders, his headquarters here said.

The committee includes State Rep. Carl Prehls, Pana; Harold Broverman, Taylorville city attorney; Melvin Fesser, mayor of Jerseyville; William Highley, mayor of Bullitt; John Jones Jr., mayor of Pana; Joseph McAdams, mayor of Taylorville; and Oscar E. Norreville, mayor of Humphrey.

Czechoslovakia Offers Arms to Afghanistan

LONDON (AP)—Czechoslovakia has offered cheap Communist arms to Afghanistan, the strategic kingdom on the flank of the Baghdad Pact defense alliance, authoritative sources said today.

It was Czechoslovakia's arms deal with Egypt that upset the western-sponsored military balance in the Middle East. The latest offer appeared aimed at further undermining the West's "northern tier" defense grouping.

Rep. Velde Will Not Seek Re-Election

SPRINGFIELD — Rep. Harold Velde (R-Ill.) will not seek re-election to a fifth term in Congress because he feels "the Eisenhower administration has now developed an efficient security program" against communism.

Russell James, Velde's law partner, said Tuesday he was authorized by the former head of the House Un-American Activities Committee to announce Velde's intentions.

James said Velde informed him in a telephone call from Washington that he would not seek re-election.

Velde, a former FBI agent in the sabotage and espionage division, was elected as Tazewell county judge in 1946 and won a congressional seat from the 18th District in 1948.

Velde said he would return to the judiciary and felt that he could now best serve in that capacity.

20 Downstate Cities Bid for Federal Prison
CHICAGO — Twenty downstate Illinois cities have petitioned to have a proposed new federal prison located near their communities, it was reported today.

Harold Rainville, aide to Sen. Everett M. Dirksen (R-Ill.), said the cities which had filed bids as sites for the new "Alcatraz-type" prison ranged from Cairo northward to Taylorville.

Rainville said President Eisenhower's budget would earmark 9 1/2 million dollars for a new maximum security prison in the Midwest.

The Bureau would go to the Federal Bureau of Prisons, which has indicated it would like to locate the prison near the nation's center of population. This currently is Olney, Ill.

Rainville said the cities which put in bids for the prison included Taylorville, which had raised enough money to buy 600 acres of land and give it to the government as a site.

It was reported that among the chief needs for the new institution are a large water supply and ready transportation facilities.

Herrin Edges Pinckneyville Panthers, 51-50

By United Press
The classy Panthers of Pinckneyville, ranked first or second in the state since the season began, for the second time failed against a South Seven conference leader by bowing to Herrin 51-50.

The Pincks' only other loss this season was 69-66 to West Frankfort. Their record is now 11-2. Herrin now has a 14-2 mark. Herrin was ranked ninth in the state this week.

Peoria Limestone, which opened the season with six straight victories, then lost four of its next six, hit the comeback trail with a 49-45 victory over Canton.

Eastern Illinois conference front-runner Cumberland posted Palestine 71-52. North Egypt conference power Lawrenceville had an easy time with Bridgeport 75-53.

Decatur downed Decatur St. Teresa 67-62 in a hard-fought battle. East St. Louis had an even narrower squeeze in an intra-city battle with East St. Louis Lincoln, winning 66-65.

Wilkinson gave Braidwood a fight before dropping an overtime tilt 49-45. Noble ran up a 100-48 win against Clatsop. Highland poured it on Greenville, rated one of the Midstate conference favorites early in the season, by 93-74.

Conference Loss For Locals; Play Eldorado, Mt. Vernon This Week

The Harrisburg Bull Dogs, 68-57 losers last night at Benton in a South Seven conference game that put the locals in the loop cellar along with the Rangers, play two more encounters this week.

Friday night Eldorado will come to Davenport gym for a tussle. Then Saturday night the locals go to Mt. Vernon to meet the mighty Rams.

The Bull Dog play last night was of a calibre that could be termed unsatisfying. Big enough to control the boards, the locals gave too many rebounds to the Rangers, and made lots of mistakes which resulted in Benton baskets.

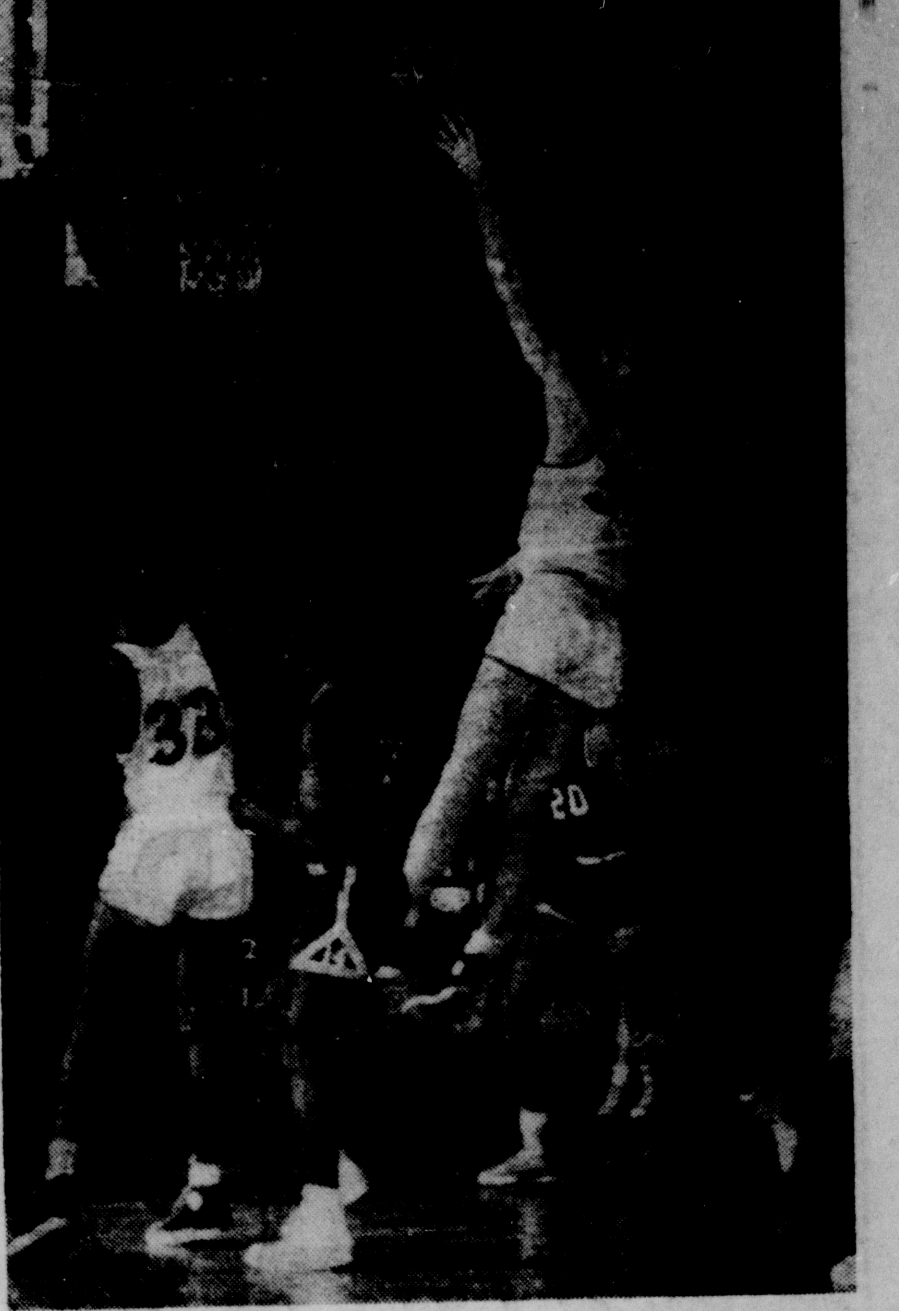

Benton, with some nice outside shooting by Bauer and Ross, held the lead throughout the game.

Rangers Take Early Lead
For the locals Wayne Stone was a standout. Besides making 14 points the big junior was the best Bull Dog under the boards. Ronnie Williams finished fast to tie with Stone on points.

The locals were so cold the first period as Benton ran up an 18-9 lead that Coach Lawrence Calhoun, who has taken over because of the illness of Coach Gene Bland, yanked the entire starting five and inserted a new one about a minute and a half before the quarter ended.

He left his starters out for a minute or two of the second frame, then inserted them into the contest. At halftime Benton led, 33-23.

Harrisburg was outscored, 15-12, in the third period and trailed, 48-35, as the fourth quarter commenced. The Bull Dogs played their best ball the last quarter, going into a press the last few minutes and scoring 22 points to 20 for Benton.

Standing by for a rebound is Seymour Bryson (33), Quincy. Next to Bryson is Northern's L. T. Ivy, while Ralph Bacote (20) of Northern is in the background. Shawneetown, Cave-in-Rock Win Opening Rounds of GEC Tourney

Indians Capture 85-66 Decision from Rosiclare; Ridgway Loses, 90-54; Galatia-Equality, Vienna-Pope County Games Tonight

The Shawneetown Indians began a successful defense of their Greater Egyptian conference tournament title Tuesday night by taking an 85-66 decision from Rosiclare. This marked the 17th straight win of the season for the Indians without a loss.

Cave-in-Rock, winner over Ridgway 90-54 in the second game of the tourney, will face the Indians in the opening game of the semifinals Thursday.

The annual GEC tournament is played in the spacious Ridgway gymnasium, which was comfortably filled for last night's session. Witnessing the games was probably the largest crowd ever to see a GEC tourney.

The opening game was scheduled to start at 7 p. m., but at that time there were fans lined up for more than a block, five abreast, waiting to get in the gym. The start was held up for thirty minutes and most every seat was taken at the time of the opening tip-off.

J. O. Austin, Ridgway principal and tourney manager, stated the crowd far exceeded his expectations and they just weren't prepared to handle the crowd. However additional ticket sellers and takers will be on hand tonight to speed up the proceedings.

Wrong Basket by Player
Shawneetown, tourney favorite, experienced considerable difficulty at times with the pressing game of Rosiclare.

However the bigger Indians could control the rebounding and always had that "little extra" needed when Rosiclare threatened. Midway in the third frame Rosiclare trailed only five points—34-39, but by the end of the quarter Shawneetown was out in front 56-45.

Again in the fourth period Rosiclare pulled to within six points, then Stewart, Gunzel and Drone connected for two pointers to build up a 12-point margin and the Indians went on to take the decision 85-66.

Drone and Gunzel, with 25 points each, paced the winners' attack. D. Seay topped Rosiclare's scoring with 18 markers.

In the last quarter Nelson of Rosiclare became confused as he took a pass in from out-of-bounds and drove in for a layup in the wrong basket, giving Shawneetown two points.

He was the picture of absolute despair, but his coach and teammates gave him a pat on the back and he came back to play a good game the rest of the way.

Scoring Spree By Cave
Ridgway, after staying fairly close to Cave-in-Rock during the first half, faltered in the third quarter and then midway in the fourth frame Cave-in-Rock made a rout of the proceedings.

With the score reading 69-53 in favor of Cave, the Rockers went on a 15-point spree to hold an 84-53 lead, then Ridgway caged a goal and Cave came back with three more, winning 90-54.

Smith was tops for the winners with 28 points and all ten players in action entered the scoring column. Crayne's 21 was best for Ridgway.

Tonight's draw pits Galatia vs. Equality and Vienna vs. Pope Co. The semifinals will be played Thursday and the championship round is scheduled for Friday.

Michigan State, West Virginia Favored by Pros

LOS ANGELES — If the professionals know their business, then the best college teams in the country last year were Michigan State and West Virginia.

The National Football League's annual draft went into its second session today with those two teams drained of just about all the senior talent available.

At the conclusion of the first 15 rounds of the draft at midnight, each school had furnished six men to the pros—ahead of all other institutions.

The club owners expect to finish up the session today and will head for their homes by nightfall.

First To Go
The first man to be drafted as this season opened was Garek (Jerry) Reichow, star quarterback from University of Iowa and he went to the last-place Detroit Lions. Immediately after the selection was announced, Nick Kirby of the Lions announced that Reichow already had been signed to a contract.

The men that went from Michigan State in the draft were quarterback Earl Morrall (San Francisco); tackle Norman Masters (Chicago Cardinals); end Bill Quinlan (Cleveland); back Gary Lowe (Baltimore); and John Lewis (Baltimore); and back Gerry Plantius (by New York and traded to Washington).

The men picked from West Virginia were tackle Bruce Bosley (San Francisco); back Joe Marconi (to New York and traded to Los Angeles); back Fred Wyant (Washington); tackle Sam Huff (New York); back Bob Moss (Cleveland); tackle Bill Underdonk (Cleveland).

Canada Signs Players
Commissioner Bert Bell warned the owners he had been informed that Canada had already signed several players, including Tom Tracy of Tennessee; Ben Inabiet of Clemson, Cal Jones of Iowa, and Eagle Day of Mississippi.

But Inabiet went on the fourth round to Baltimore; Tracy on the fifth to Detroit; Cal Jones on the ninth to Detroit; and Day to Washington on the 17th.

The Chicago Bears popped up with the name of J. C. Carline, one-time Illinois star, who had quit school and played in Canada last year.

The drafting will continue through 30 rounds — by which time every ball player of any reputation in the country will have been considered.

Thompsonville and Bluford Win Little Egyptian Tourney Openers

Thompsonville and Bluford won first round games in the Little Egyptian conference tournament Tuesday night. The meet is being played at Waltonville.

In the first game Thompsonville defeated Crab Orchard, 49-40, then Bluford won from Waltonville, 70-1.

Tonight Royalton meets Valier and Woodlawn plays Dahlgren.

Scoring in the Thompsonville-Crab Orchard game: Thompsonville, Doss 14, Greagry 8, Marsh 6 and Carlie 4; Crab Orchard — Moore 14, Merrell 12, Janks 6, Shaw 4 and Turner 4.

Tommy Mont Named Maryland Grid Coach

COLLEGE PARK, Md. — "The quiet man" took over Maryland's football fortunes today.

That's 33-year-old Tommy Mont, a former Maryland football star just handed a three-year contract to replace big Jim Tatum as the Terrapins' head coach.

Tatum hovered around like a proud father Tuesday while Dr. Wilson H. Elkins, Maryland president, announced Mont's appointment to a jam-packed news conference. Tommy has been Tatum's backfield coach since 1951, and it was Tatum himself who recommended Mont as his successor when he resigned to coach at North Carolina.

Dairy Brands Defeat Carrier Mills, 72-55

CHAMPAIGN, Ill. (U.P.) — The attorney for Maj. Gen. Byron E. Gates, 60, former commander of Chanute Air Force Base, today announced Gates would not appeal an investigating board's reprimand and \$500 fine.

An investigating board last week found Gates guilty of giving preferential treatment to insurance firms in which he was financially interested while base commander. He was supposed to have taken a \$7,000 fee from one firm.

Mrs. Della Wolf of Carrier Mills is a patient at the Lightner hospital where she underwent surgery Monday. She is doing fine. Her room number is 310.

Miss Mary Charlene Maller, Albert Seyer Wed in Ceremony at East St. Louis

Mrs. Albert Seyer

The marriage of Miss Mary Charlene Maller, daughter of Mrs. Pearl Maller, Harrisburg RFD 2 in the Ledford community, and the late Mike Maller, and Albert Seyer, son of Mr. and Mrs. Phillip Seyer of Oran, Mo., took place Saturday morning, Dec. 31, at St. Elizabeth's Catholic Church in East St. Louis.

The nine o'clock ceremony was performed by the Rev. Francis Seyer, cousin of the bridegroom. Church decorations of red poinsettias and Christmas trees were accented by the light of candles on the altar.

The bride wore a champagne white brocade gown styled on long torso lines with a fitted bodice and a ballerina skirt. She wore a white satin hat and carried a white satin prayer book ornamented with a white orchid.

Miss Louise Sabba, niece of the bridegroom, was maid of honor, wearing green taffeta. A matching hat and a bouquet of yellow mums completed her costume. Jerome Seyer, a nephew, was best man for the bridegroom. The bride recently was receptionist for the Saline County Housing Authority in Harrisburg.

Mr. Seyer is the work unit leader for the Bond County Soil Conservation district. He is a gradu-

ate of the Oran, Mo., high school and of the University of Missouri. He was formerly employed by the Saline County Soil Conservation district.

After a wedding trip through the south the couple is at home at 333 North Third street, Greenville, Ill.
